

## § 1640.5

## 5 CFR Ch. VI (1–1–05 Edition)

(4) Source of the contributions affected by the transaction;

(5) Amount of the transaction (in dollars and in shares);

(6) The share price(s) at which the transaction was posted; and

(7) Any other information the Executive Director deems relevant.

### § 1640.5 Investment fund information.

Each open season, the Board will furnish each participant a statement concerning each of the investment funds. This statement will contain the following information concerning each investment fund:

(a) A summary description of the type of investments made by the fund, written in a manner that will allow the participant to make an informed decision; and

(b) The performance history of the type of investments made by the fund, covering the five-year period preceding the date of the evaluation.

### § 1640.6 Methods of providing information.

The TSP will furnish the information described in this part to participants by making it available on the TSP Web site. A participant can request paper copies of that information from the TSP by calling the ThriftLine, submitting a request through the TSP Web site, or by writing to the TSP record keeper.

## PART 1645—CALCULATION OF SHARE PRICES

Sec.

1645.1 Definitions.

1645.2 Posting of transactions.

1645.3 Calculation of total net earnings for each investment fund.

1645.4 Administrative expenses attributable to each investment fund.

1645.5 Calculation of share prices.

1645.6 Basis for calculation of share prices.

AUTHORITY: 5 U.S.C. 8439(a)(3) and 8474.

SOURCE: 68 FR 35502, June 13, 2003, unless otherwise noted.

### § 1645.1 Definitions.

(a) Definitions generally applicable to the Thrift Savings Plan are set forth at 5 CFR 1690.1.

(b) As used in this part:

*Accrued* means that income is accounted for when earned and expenses are accounted for when incurred.

*Administrative expenses* means expenses described in 5 U.S.C. 8437(c)(3).

*Basis* means the number of shares of an investment fund upon which the calculation of a share price is based.

*Business day* means any calendar day for which share prices are calculated.

*Forfeitures* means amounts forfeited to the TSP pursuant to 5 U.S.C. 8432(g)(2) and other non-statutory forfeited amounts, net of restored forfeited amounts.

### § 1645.2 Posting of transactions.

Contributions, loan payments, loan disbursements, withdrawals, interfund transfers, and other transactions will be posted in dollars and in shares by source and by investment fund to the appropriate individual account by the TSP record keeper, using the share price for the date the transaction is posted.

### § 1645.3 Calculation of total net earnings for each investment fund.

(a) Each business day, net earnings will be calculated separately for each investment fund.

(b) Net earnings for each investment fund will equal:

(1) The sum of the following items, if any, accrued since the last business day:

(i) Interest on money of that investment fund which is invested in the Government Securities Investment Fund;

(ii) Interest on other short-term investments of the investment fund;

(iii) Other income (such as dividends, interest, or securities lending income) on investments of the investment fund; and

(iv) Capital gains or losses on investments of the investment fund, net of transaction costs.

(2) Minus the accrued administrative expenses of the investment fund, determined in accordance with § 1645.4.

(c) The net earnings for each investment fund determined in accordance with paragraph (b) of this section will be added to the residual net earnings

for that investment fund from the previous business day, as described in §1645.5(b), to produce the total net earnings. The total net earnings will be used to calculate the share price for that business day.

**§ 1645.4 Administrative expenses attributable to each investment fund.**

A portion of the administrative expenses accrued during each business day will be charged to each investment fund. An investment fund's respective portion of administrative expenses will be determined as follows:

(a) Accrued administrative expenses (other than those described in paragraph (b) of this section) will be reduced by accrued forfeitures and accrued earnings on forfeitures, abandoned accounts, and unapplied deposits;

(b) Investment management fees and other accrued administrative expenses attributable only to the F Fund, C Fund, S Fund, or I Fund will be charged solely to the F Fund, C Fund, S Fund, or I Fund, respectively;

(c) The amount of accrued administrative expenses not covered by forfeitures under paragraph (a) of this section, and not described in paragraph (b) of this section, will be charged on a *pro rata* basis to all investment funds, based on the respective investment fund balances on the last business day of the prior month end.

**§ 1645.5 Calculation of share prices.**

(a) *Calculation of share price.* The shares of each investment fund will have an initial value of \$10.00. The share price for each investment fund for each business day will apply to all sources of contributions for that investment fund. The total net earnings (as computed under §1645.3) for each investment fund will be divided by the total fund basis (as computed under §1645.6) for that investment fund. The resulting number, computed to ten decimal places, represents the incremental change for the current business day in the value of that investment fund from the last business day. The share price for that investment fund for the current business day is the sum of the incremental change in the share price for the current business day plus the share

price for the prior business day, truncated to two decimal places.

(b) *Residual net earnings.* When the total net earnings for each business day for each investment fund are divided by the total fund basis in that investment fund, there will be residual net earnings attributable to the truncation described in paragraph (a) of this section that will not be included in the incremental change in the share price of the investment fund for that business day. The residual net earnings that are not included in the incremental share price for the investment fund may be added to the earnings for that investment fund on the next business day.

**§ 1645.6 Basis for calculation of share prices.**

The total fund basis for each investment fund will be the sum of the number of shares in all individual accounts from all sources of contributions in that investment fund as of the opening of business on each business day.
